

BUMBELLBEE-2:

Description: He's Back. Check last CTF . Who is this Bumbellbee

Check for the latest techniques he used for hacking.

1. Last CTF used ethical-buddy github, so i visited it again.
2. Found the lasted commit on:

<https://github.com/ethical-buddy/ethical-buddy/commit/350bc5b37a79c1acbd9803b0d52139fc5cd17ed7>

The screenshot shows a GitHub commit diff for the file README.md. The commit message is "1 file changed +1 -1 lines changed". The diff shows a change in line 72, where the text "Active Directories" was replaced with "flag{Y3S_1_U5E_4i_to_hack}". The diff is displayed in a dark-themed editor with line numbers 69 to 75 visible on the left. The change is highlighted with a green background for the added line and a red background for the removed line.
